

MANUAL TO INSTALL LINUX VIRTUAL MACHINE REDHAT

AIN NABILAH BINTI SAIFON NIZAM (A193792)

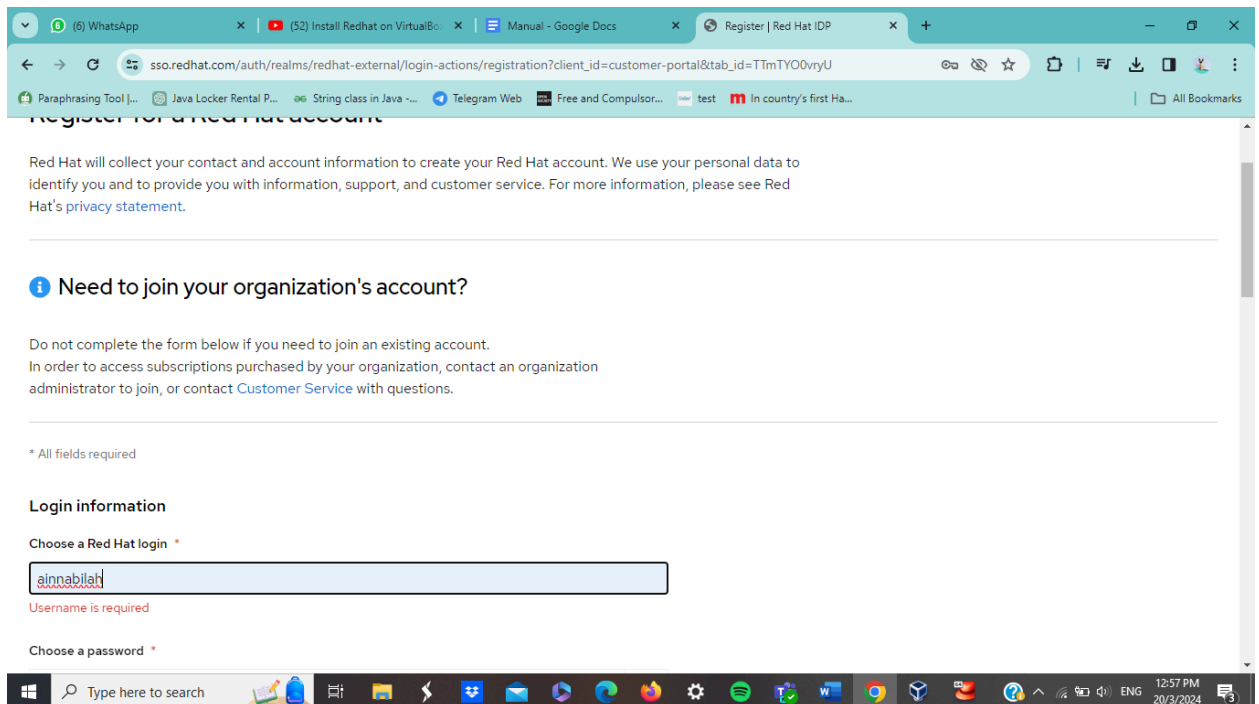

1. Open Oracle VM VirtualBox Manager

2. Go to website to download redhat linux

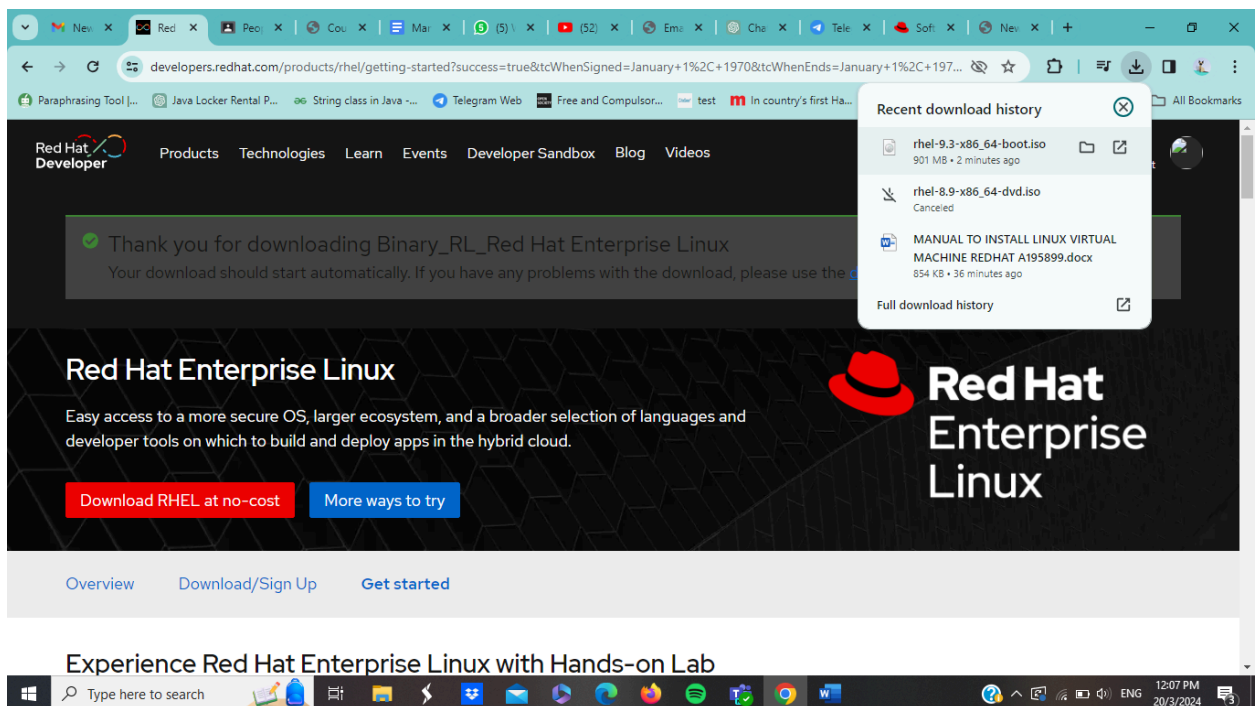

3. Register account for Redhat

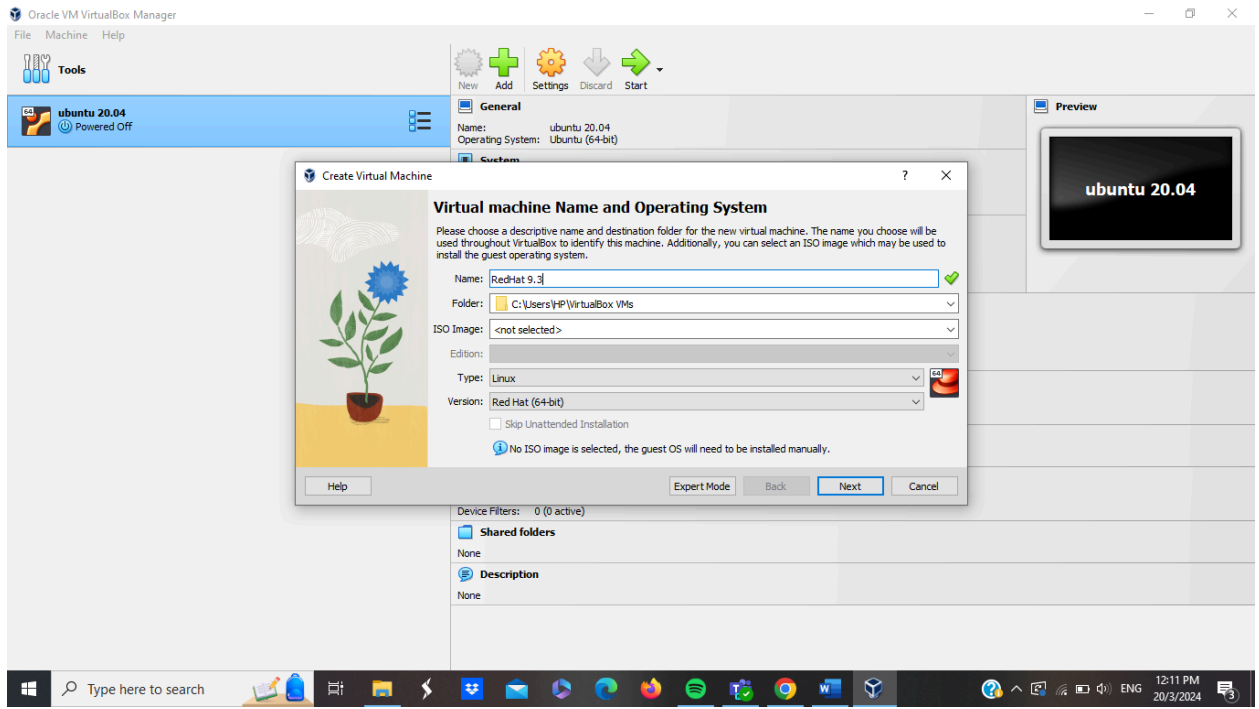

The screenshot shows the Red Hat registration page in a web browser. The browser's address bar displays the URL: `sso.redhat.com/auth/realms/redhat-external/login-actions/registration?client_id=customer-portal&tab_id=TTmTYO0vryU`. The page title is "Register for a Red Hat account". Below the title, a message states: "Red Hat will collect your contact and account information to create your Red Hat account. We use your personal data to identify you and to provide you with information, support, and customer service. For more information, please see Red Hat's [privacy statement](#)." A section titled "Need to join your organization's account?" includes a note: "Do not complete the form below if you need to join an existing account. In order to access subscriptions purchased by your organization, contact an organization administrator to join, or contact [Customer Service](#) with questions." Below this, a note says "* All fields required". The "Login information" section has a "Choose a Red Hat login" label and a text input field containing "ainnabillah". A red error message "Username is required" is shown below the field. There is also a "Choose a password" label and an empty password field. The Windows taskbar at the bottom shows the time as 12:57 PM on 20/3/2024.

4. Download linux version 9.3

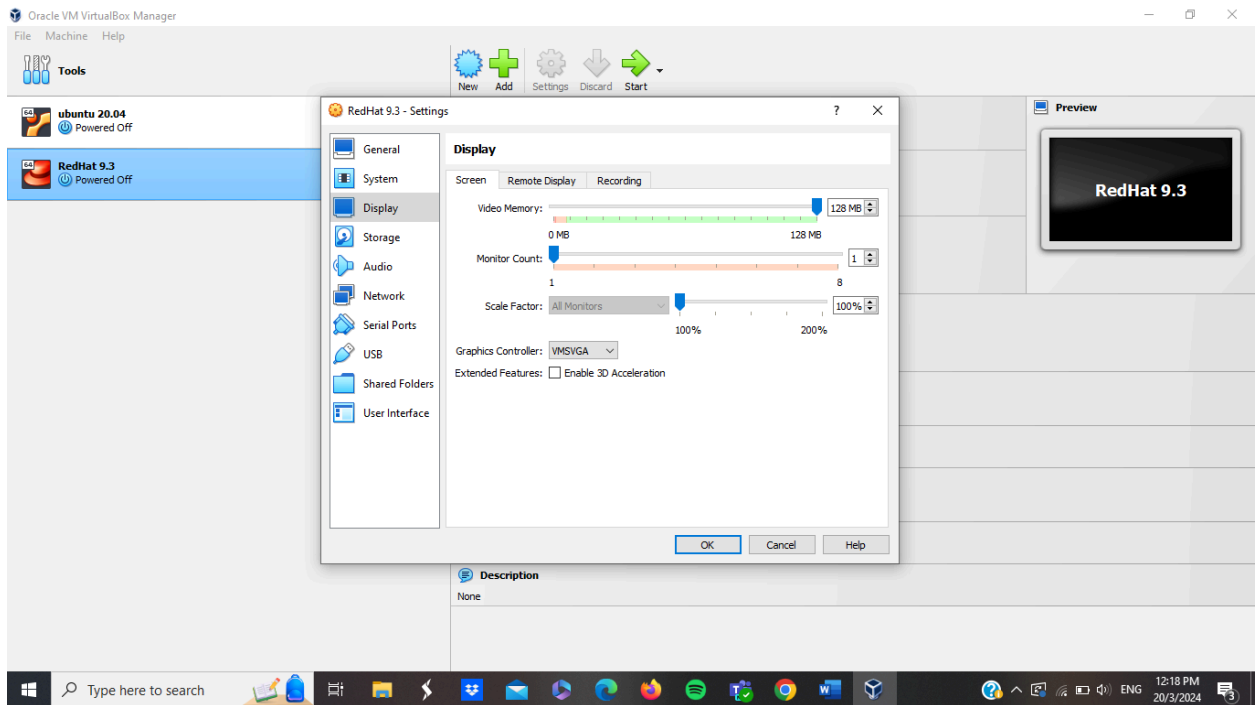

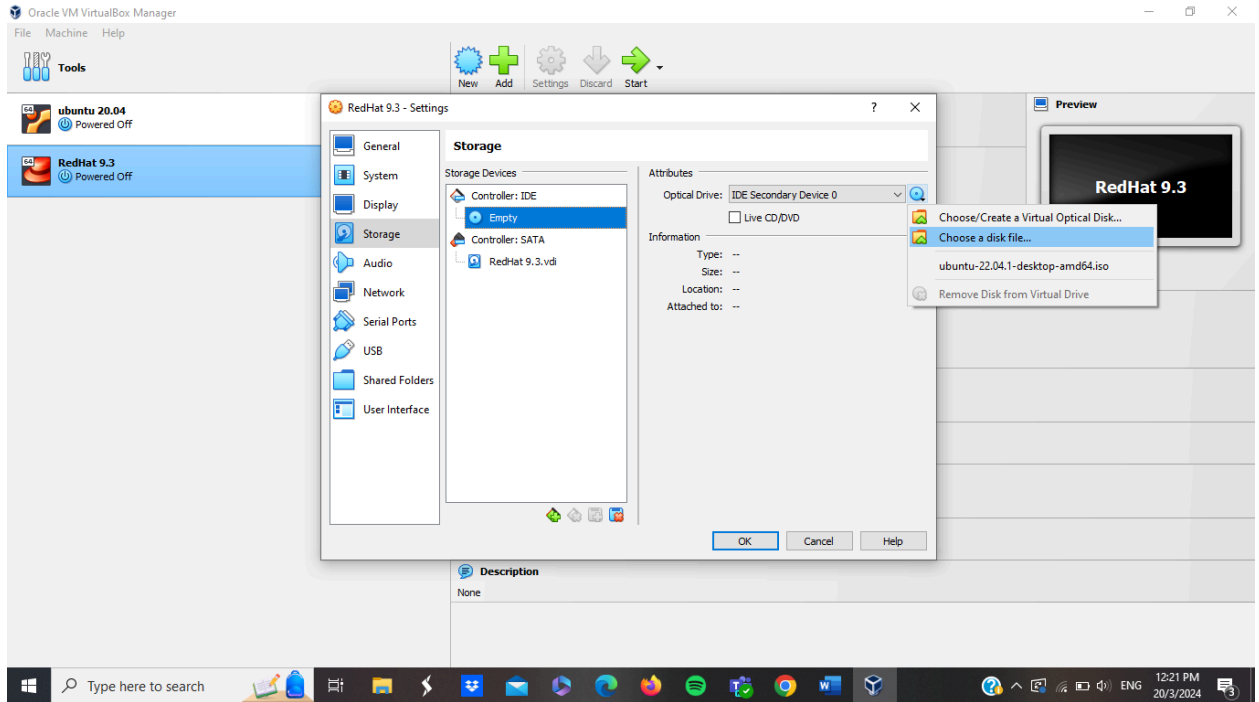

The screenshot shows the Red Hat Enterprise Linux download page. The browser's address bar displays the URL: `developers.redhat.com/products/rhel/getting-started?success=true&tcWhenSigned=January+1%2C+1970&tcWhenEnds=January+1%2C+197...`. The page features a "Thank you for downloading Binary_RL_Red Hat Enterprise Linux" message. Below this, the "Red Hat Enterprise Linux" logo is displayed, along with the text: "Easy access to a more secure OS, larger ecosystem, and a broader selection of languages and developer tools on which to build and deploy apps in the hybrid cloud." Two buttons are visible: "Download RHEL at no-cost" and "More ways to try". A "Recent download history" pop-up window is open on the right, showing a list of downloaded files: "rhel-9.3-x86_64-boot.iso" (901 MB, 2 minutes ago), "rhel-8.9-x86_64-dvd.iso" (Canceled), and "MANUAL TO INSTALL LINUX VIRTUAL MACHINE REDHAT A195899.docx" (854 KB, 36 minutes ago). The Windows taskbar at the bottom shows the time as 12:07 PM on 20/3/2024.

5. Add Virtual Machine

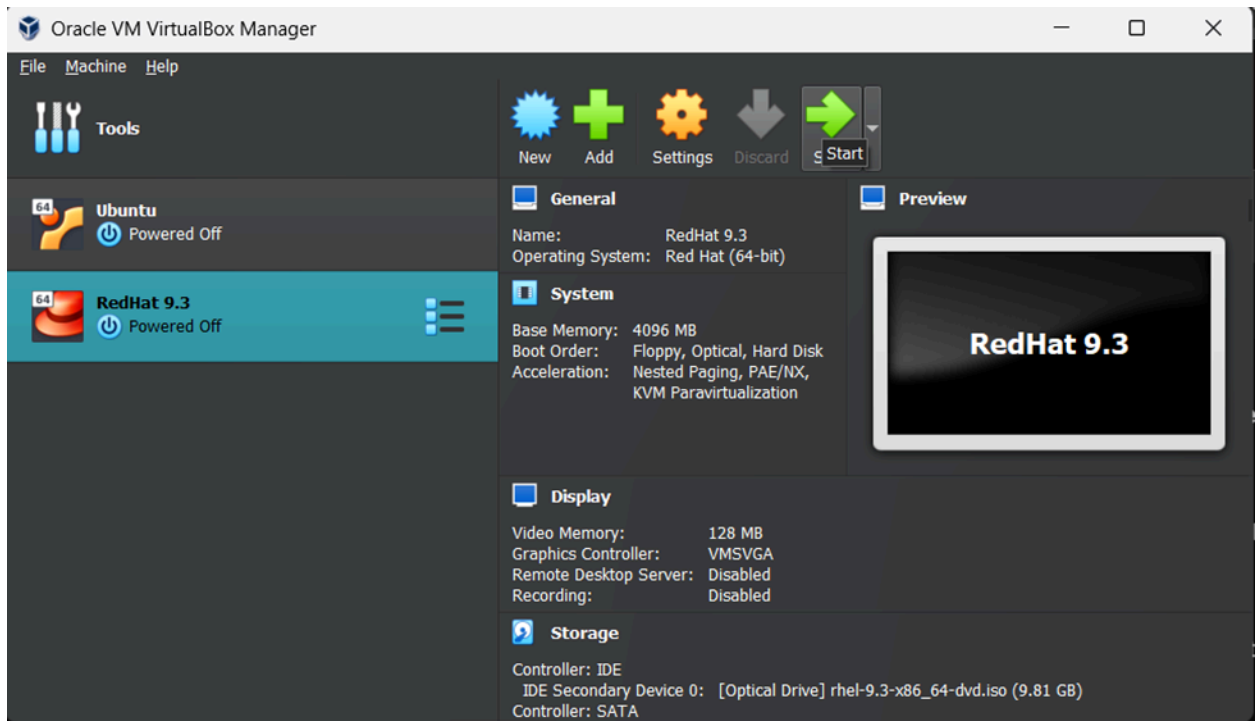

6. Settings the virtual machine

7. Done setting and ready for install

8. Done download
